BBA

Course Description:

The integrated and holistic objective of the course is to help students develop expertise in human resources, finance, information technology, marketing, international business, and other essential managerial areas so that they can effectively address and address real-world issues faced by companies. To encourage students to develop into ethical leaders, it is important to encourage them to reflect on moral issues and to question accepted wisdom. The purpose is to improve both oral and written communication skills for use in the increasingly international business world of today. The goal is for students to actively participate in group projects and take initiative to see them through. Further, it helps students develop their critical thinking, judgement, and problem-solving skills. Finally, it employs modern teaching techniques to help students learn to think creatively and practically about business problems, thereby enhancing their employability after graduation.

Eligibility

10+2 or its equivalent examination in any stream conducted by a recognized Board / University / Council

Fee Structure:

Amount in INR 39000 per annum includes all deliverables.

The fee payment options are available per both offline and online mode.

Admission Process:

- a) The University will notify Academic Calendar of Programs/Courses offered by SCDOE.
- b) Based on the calendar SCDOE finalizes the entire schedule of admissions. The student can now file the Application Online uploading the attested copies of relevant documents. The documents are verified at various levels and upon verifying the eligibility payment link is offered to student to pay the fee online through payment gate way. Information brochures and prospectus are available online and can be accessed any time. No fee is charged for this facility. The fee payment options are available per both offline and online mode on www.shooliniuniversity.com.

MA English Literature Course

Description:

MA in English Literature programme aims to provide students the theoretical understanding and practical abilities required for success in the field of English literature. The MA in English Literature at Shoolini University offers a thorough curriculum that combines the traditional with the contemporary. The main goal of the master's degree is to give students the knowledge and abilities needed to analyse literary works in all genres, including fiction, poetry, drama, and nonfiction. Additionally, it emphasises on students' capacity for moral inquiry so they can eventually become moral leaders with enhanced verbal and written communication abilities. While honing their critical thinking, good judgement, and problem-solving abilities, students learn how to use digital resources for literary study. Through an engaging and intellectual experience, the learners' critical thinking, communication, and research skills are strengthened in this programme. This strategy is used to inspire students to actively participate and make meaningful contributions as colleagues to achieve organisational goals.

Eligibility

Graduation in any discipline with 45% marks in last qualifying examination. Reservation of seats as per government policies.

MCA

Course Description:

Master of Computer Applications (MCA) is a two-year postgraduate professional degree offered by Shoolini University Centre for Distance and Online Education (SCDOE). The program is designed to build a strong foundation in computer science, programming, data structures, web development, and emerging technologies such as Artificial Intelligence (AI), Data Science (DS), and Full Stack Development (FS). Delivered in a fully online and flexible mode, the course enables learners to enhance their technological fluency, problem-solving skills, and practical expertise through interactive virtual modules, hands-on labs, and real-world project work. This program prepares students for diverse IT roles in software development, system management, data analytics, and digital innovation, equipping them to be ethical, industry-ready professionals capable of adapting to dynamic technological landscapes.

Eligibility:

Graduation degree in Science, Technology, Engineering, Computer Science, or any other related discipline. Reservation of seats is as per government policies.

Fee Structure:

Amount in INR 2,00,000/- (INR 50,000 per semester) includes all deliverables. The fee payment options are available both in offline and online mode.

Director
Shoolini University Centre for
Distance and Online Education (SCDOE)

Admission Process:

- a) The University notifies the Academic Calendar of Programs/Courses offered by SCDOE.
Based on this calendar, SCDOE finalizes the entire schedule of admissions.
- b) Students can apply online by uploading attested copies of relevant documents.
- c) After multi-level verification of eligibility, a payment link is issued to the student to pay the fee online through the University's payment gateway.
- d) Information brochures and the prospectus are available online free of charge.
- e) The fee payment options are available in both offline and online mode on www.shooliniuniversity.com.

Program Objectives:

- a) To provide a strong foundation in computer science principles and applications.
- b) To foster analytical thinking and problem-solving abilities in computing.
- c) To impart expertise in database management and information systems.
- d) To prepare students for careers in IT management, software development, and technology-based roles.
- e) To develop understanding in web development, operating systems, and network technologies.
- f) To cultivate proficiency in multiple programming languages and software tools.
- g) To promote ethical computing practices and digital responsibility.
- h) To empower students with industry-relevant skills in emerging technologies through a flexible online learning model.
