1.	Quality maintained in the services provided to the learners	<p>The SCDOE lays a great deal of emphasis on building an emotional bond with students when teaching courses online since there is no in-person interaction. In order to guarantee top-notch services, the SCDOE makes resources and course materials easily accessible by means of a suitable system that makes it simple for students to use the website. The IT department offers suitable training for this purpose, and a specialized staff is on call around-the-clock to assist students with any questions they may have about academics, admissions, and administration. Additionally tasked with forming an emotional bond with pupils and guiding them through the academic curriculum are committed program coordinators. Additionally, the IT staff is on call around-the-clock to guarantee that pertinent updates on academic calendars,</p>	<p><i>Admission Counselling and Academic Processes</i>  <a href="#">Click Here</a></p> <p><i>Induction Schedule and activities</i>  <a href="#">Click Here</a></p> <p><b>Orientation and Training LMS video</b>  <i>August 2024 Induction</i>  <a href="#">Click Here</a></p> <p><b>s</b></p> <p>LMS Tutorial  <a href="#">Click Here</a>  <a href="#">Click Here</a></p>

		schedules, results, curriculum, live lecture schedules, fees, extracurricular activities, and other information are updated.	
2.	Self-evaluative and reflective exercises undertaken for continual quality improvement in all the systems and processes of the Higher Educational Institution	The SCDOE has established a standard practice of regularly auditing the quality of its videos, PowerPoint presentations, and Self-Learning Materials. Faculty members are provided with proper guidance and training to ensure that their content meets the highest standards of quality. Additionally, the SCDOE places significant emphasis on ensuring that course and program outcomes are mapped in accordance with the objectives of the respective programs. To promote the professional development of faculty members, the SCDOE encourages their participation in faculty development programs and workshops aimed at enhancing their skills and knowledge. Furthermore, the SCDOE regularly organizes workshops and webinars that cater to the professional development of faculty members	<i>How to submit assignment on Moodle.</i> <a href="#">Click Here</a>
3.	Contribution in the identification of the key areas in which Higher Educational Institution should maintain quality	The Shoolini University Centre for Distance and Online Education (SCDOE) prioritizes the teaching and learning process as the most crucial aspect of its operations. As part of	Identification of Pedagogical Interventions  <a href="#">Clissssck Here</a>  Report of Identification of

1.	<p>Governance, Leadership and Management:</p> <p>a. Organisation Structure and Governance</p> <p>b. Management</p> <p>c. Strategic Planning</p> <p>d. Operational Plan, Goals and Policies</p>	<p>Shoolini University Centre for Distance and Online Education (SCDOE), which falls under the purview of Shoolini University, has taken concrete measures to ensure the smooth running of its online programmes. The department has meticulously outlined the roles and responsibilities of its teaching and nonteaching staff in relation to online courses. To this end, the department has recruited a suitable number of academic staff possessing the requisite qualifications to effectively deliver online courses. The department's organizational structure comprises of a director, at the top level, followed by programme coordinators, academic and non-academic staff. The department has a dedicated IT team that reports to the apex body and promptly addresses any technical issues encountered by students. Moreover, the department has established a state-of-the-art recording studio manned by a professional production team. This facilitates academic staff and</p>	<p>Organogram of the HEI</p> <p><a href="#">Click Here</a></p> <p>Detailed Strategy</p> <p><a href="#">Detailed Strategy Plan</a></p>

		professors to record video lectures in real time. As the department caters to the educational requirements of working professionals, it has devised operational strategies to remain available on weekends and public holidays to ensure that the department meets its stated goals and objectives.	
2.	Articulation of Higher Educational Institution Objectives	Shoolini University Centre for Distance and Online Education (SCDOE) has taken steps to provide clarity on its vision, mission, programme objectives, outcomes, study schemes, evaluation policy, and course matrix articulation in its curriculum booklets. These details are also accessible on the SCDOE's official website. To ensure that the objectives of the university are met, each programme coordinator operates under the guidance of the Director. He works to facilitate the smooth delivery of every vertical. This approach ensures that the SCDOE consistently provides high-quality educational experiences to its students.

**Part – IX: Grievance Redressal Mechanism**

**9.1 Compliance status of ‘Grievance Redressal Mechanism’ – As per Annexure - X of UGC (ODL Programmes and Online Programmes) Regulations, 2020**

*HEI shall mention the mechanism put into place along with brief details of grievances received and actions taken thereof. Also mention that how the learners have been made aware about this mechanism.*

The purpose of the Student Grievance Policy is to provide equitable and orderly processes to resolve grievances by students against any employee of the Shoolini University Centre for Distance and Online Education (SCDOE). However, this policy does not include issues related to student’s discipline, Academics like examination, absence from classes, etc. A student may file a grievance in the cases of an unresolved difference or dispute between themselves and the University (office or individual) related to services rendered or non-academic decisions. The policy covers matters outside the scope of other policies given from time to time by regulators/SCDOE. The student is strongly encouraged to seek informal resolution of a grievance by bringing it to the attention of the relevant individual, administrator, or office. An attempt at informal resolution should begin no more than 10 working days after the service or decision is rendered. If the student is unsatisfied with the response, the student may make a formal, written grievance to the relevant administrator. Any formal grievance must be submitted by the student within 20 working days after the service or decision is rendered. The student must state the nature of the grievance and the remedy s/he is seeking and describe any previous attempts to resolve the issue grievance. The administrator reviews the situation and should provide a written response, including appeal information within 15 days of receiving the complaint, copying the primary mentor/academic advisor. Students will be informed if extenuating circumstances require additional time.

## 9.3 Complaint Handling Mechanism

*HEI shall mention the mechanism adopted for Complaint Handling Mechanism as per Regulations. Also, mention details of Nodal Officers.*

Complaints about sexual harassment and discrimination based upon protected class are addressed via the Discrimination Complaint Procedure (University Grant Commission (Prevention, prohibition and redressal of sexual harassment of women employees and students in higher educational institutions) Regulations, 2015); complaints about services related to disabilities are addressed through Rights of Students with Disabilities Policy (The Rights of Persons with Disabilities Act, 2016), complaints about student behavior are addressed through the Student Conduct Policy and Procedures and student academic appeals including grading are addressed through Academic Regulations (First Ordinance).

SCDOE has a well-defined mechanism for addressing examination-related grievances of students. Such grievances are classified into six categories, including result updating, verification or revaluation of answer books, copy case or misconduct, verification of degrees, transcript or marksheet, and migration. To cater to these grievances, the University offers four redressal mechanisms, including online redressal through the web portal, online redressal through email, redressal through letter via normal postal services, and personal visit to the University's headquarters.

Part – X: Innovative and Best Practices

**10.1 Innovations introduced during academic year**

- **Microsoft Teams Integration for Online Classes:** A significant stride in facilitating remote and blended learning environments has been the seamless integration of Microsoft Teams for conducting online classes. This platform offers robust features for virtual lectures, collaborative activities and real-time communication, providing a comprehensive virtual classroom experience for both educators and students.
- **Student Support Ticket System (LMS-Integrated):** To address student queries and concerns more efficiently, a dedicated Student Support Ticket System has been implemented. This system, integrated directly into the Learning Management System (LMS), allows students to generate and track their queries conveniently. This centralized approach ensures that student issues are logged, routed to the appropriate department, and resolved in a timely and transparent manner, significantly improving student support services.
- **DEB ID Integration with UGC for Smooth Data Transfer:** A crucial innovation for regulatory compliance and data management is the integration of the DEB (Distance Education Bureau) ID with the University Grants Commission (UGC). This integration facilitates the smooth and accurate transfer of data to the UGC, ensuring adherence to regulatory requirements and simplifying reporting processes for distance education programs. This reduces manual effort and potential discrepancies in data submission.
- **Course Progress & Exam Analytics** represents a more holistic and ongoing approach to understanding student learning and engagement throughout a course. While exam analytics focus on summative assessments, course progress analytics aims to provide a continuous, real-time picture of a student's journey.

**10.2 Best Practices of the HEI**

**Gamified Learning :** Gamified learning blends familiar games, AI assistance, and interactive tools to make online learning more dynamic.

**Sikandar.ai – AI-Powered Interview Coach:** Sikandar.ai is an innovative tool by Shoolini University that helps students prepare for job interviews and viva voce. It provides personalized feedback, builds communication skills, and boosts confidence through intelligent AI-driven guidance.

**10.5 Initiatives taken towards conversion of e-LM into Regional Languages**

A cornerstone of our educational strategy is the **provision of all formal course content in English**, ensuring adherence to academic standards and preparing students for global opportunities. Complementing this, **live classes are conducted in Hinglish also**, a pragmatic approach that bridges the linguistic gap, enhances comprehension, and fosters a more inclusive and comfortable learning environment for students who may be more comfortable with a blend of Hindi and English in spoken communication. This dual-language strategy aims to maximize learning effectiveness while maintaining academic rigor. We have initiated the process of converting our e-LM into Regional Language.

**10.7 Details of Alumni Cell and its activity**

Degrees have not yet been awarded. We are in the process of creating the Alumni Cell once the degrees are awarded.

**10.8 Any other Information**

The Shoolini University Campus, located on 150 acres of hilly area in 2009, has transformed into a lush oasis of natural forests, evergreen trees, shrubs and exotic plant species, with the highest level of biodiversity in specially landscaped gardens, thanks to the dedicated efforts of the Horticulture Cell. Extensive green cover is present throughout the campus, with diverse creepers, climbers, shrubs, and trees providing beautiful vistas and salubrious surroundings. The campus also boasts a huge nursery which is maintained using organic manures, natural pesticides. The whole campus is solar-powered and rainwater harvesting system. For recycling sewage water, the University has Sewage Treatment Plants (STPs).
